1 Summary

- 1.1 This paper provides an update on the project assurance work undertaken during Quarter 2 of 2022/23 (26 June to 17 September 2022). Five programme reviews were undertaken during this time, with the Independent Investment Programme Advisory Group (IIPAG) involved in all five. In the same timeframe seven project assurance reviews were undertaken, with IIPAG involved in four of these.
- 1.2 These reviews gave rise to a total of 65 recommendations being made, of which eight were considered to be critical issues. Critical issues are those that the TfL Project Assurance team or IIPAG believe should be addressed before projects proceed to the next stage.
- 1.3 A paper is included on Part 2 of the agenda which contains exempt supplemental information that is exempt from publication by virtue of paragraph 3 of Schedule 12A of the Local Government Act 1972 in that it contains information relating to the business affairs of TfL. Any discussion of that exempt information must take place after the press and public have been excluded from this meeting.
